*We define justice-impacted as both formerly incarcerated and system-impacted. We are using definitions from the Underground Scholars Language Guide for Communicating About Those Involved in the Carceral System.

Formerly Incarcerated Person refers to anyone who has been in a carceral setting (prison, immigration detention centers, local jails, juvenile detention centers, etc.) and is now released.

System Impacted includes those who have been incarcerated, those with arrests/convictions but no incarceration and those who have been directly impacted by a loved one being incarcerated.
